THE CURRENCY QUESTION.

Congress Cannot Begin Work Upon It While No Committee Are Named.

Representative James A. Hemenway, of the First Indiana district, is in the city visiting friends. While the celebrated do-nothing-till-the-Senate-passes-the-tariff-bill policy is being pursued by the House, the members have nothing to do, and those who have filled all the postoffice in their districts and seized all the pie they can for their constituents, find it rather dull being about. When the House has acted on the tariff bill, the members will be able to have a look at the country.

"No, I don't think the financial question will be taken up any more," said Hemenway. "I think it ought to be, but it won't."

"Is there any opposition in Congress to the commission idea?" was asked.

"No, there seems to be no real jealousy, or rather a prevailing idea that legislation should arise in Congress and not come ready-made from the executive."

"Is the banking and currency committee making any effort to formulate a currency bill?"

"No. Individual members of the old committee are probably looking up data on the subject, but you know the committee has not been named and it cannot do anything as an organization."

Did Not Gamble There.

It is not true, as reported yesterday, that the arrest of the five men yesterday morning on North Delaware street grew out of a game of cards in Henry Dippel's saloon.

The game was played elsewhere, and the men had drifted over to Delaware street and got into a fight. The three men who claimed that Hubert Riley and James Powers had been in Dippel's saloon, when they were arrested, went into Dippel's saloon to telephone to the police station. In this way it was reported that the gambling was in Dippel's saloon. The police say that Dippel conducts an orderly saloon and gives them no trouble.

Brass and Iron Bedsteads.—Wm. L. Elder,

PLACE FOR SCORCHING

BICYCLE RIDERS TALKING OF A STREET FOR THEIR OWN USE.

Reasons Given for a General Organization—"The Woman of It"
—Bicycle Notes.

There is a growing demand on the part of the law-abiding wheel riders for a better recognition of their rights by the municipal authorities. It is argued that, since the bicycle is declared to be a vehicle, and is required to comply with all the laws governing the use of vehicles, it should also be permitted to enjoy all the benefits allowed to vehicles drawn by horses. The fact that the majority of the wheel riders comply with the ordinance limiting the speed of the bicycle to ten miles an hour and they are equally zealous in seeing that the other laws regulating the use of the bike are complied with. The bicycle riders who have to be arrested for violating the ordinance are few in number compared with the total number of riders in the city.

There is some talk among bicyclists that they ought to have a street set aside for their use, where they could speed a little if they felt like it. They do not assert this as a right, but request it as a privilege, recognizing the fact that there is no construction of the law by which they could demand it as a right. But they point to the fact that drivers of fast horses took a street and held it without molestation from the police during the winter. Upon this street the majority of the wheel riders have been arrested for violating the ordinance. It is proposed that the city authorities allow them the use of a single street for a distance of a mile, upon which they may have the privilege of trying their speed. It would be generally known that the street had been set aside for this purpose and other vehicles would learn to avoid it. The city might be able to stop the sleighs, it might be that a property owner or two would throw a wrench in the works, but the city would be on the winning side. The city would be able to stop the sleighs, it might be that a property owner or two would throw a wrench in the works, but the city would be on the winning side.

NEED PROTECTION.

Why the Wheelmen Want a General Organization.

"Every wheelman who respects the law and wants others to should join the new Association of Wheelmen," said Charles W. Moore yesterday. "If the better class of wheelmen want to keep the good will of our citizens and protect the good name of the fraternity they can do it by fostering this new association. There is much to be done that a union of this kind can do. Wheelmen, more than any other citizens, are interested in the suppression of the scorching and the protection of the roadways from the heedless and the lawless, who obstruct the streets, and the vandals who allow glass and nails to lie in the path of the unwary. We who ride because we have to, as well as those who ride for the pure joy it affords, want clean streets. We want safe streets. We want the pedestrians to use the street crossings without fear and we want to ride the streets without frightening the timid or breaking our own necks."

"The 'keep-to-the-right' ordinance is disregarded daily by wheelmen, by drivers of carriages, wagons, and vehicles of every degree. This is one of our sorest trials. We are going to way by turning to the left, and yet almost every wagon that uses the streets keeps to the middle, next the curb, and when it comes to the left means unexpected collision in front, while passing the right means a collision in the rear. One tumble, a tumble and a new tire, or arrest for violating the law."

"We need protection from the pedestrian who prefers the roadway to the sidewalks because he is too lazy to step over the curb, who looks neither to right or left, if he is a man, or looks all ways at once and is bewildered if a woman, who is angry if we sound a warning on our bells. One actually walked into my wheel as I was riding slowly in front of him, and threw me off, and then apologized because I was riding slowly in front of him. I was the one who was in the wrong, and he was the one who was in the right."

"The fact that the city authorities have not yet taken any action to protect the wheelmen from the pedestrian is a disgrace. It is a disgrace that the city authorities have not yet taken any action to protect the wheelmen from the pedestrian is a disgrace."

"The fact that the city authorities have not yet taken any action to protect the wheelmen from the pedestrian is a disgrace. It is a disgrace that the city authorities have not yet taken any action to protect the wheelmen from the pedestrian is a disgrace."

CASE OF CHLOROFORM

MALLADAY'S PECULIAR EFFORT TO KILL MRS. WADSWORTH.

Feigned Unconsciousness and Was Taken to the Hospital—Has a Long Police Record.

William Malladay, a man who has served several terms in the penitentiary for petty offenses and one who is regarded by the police at a tough character, was arrested early yesterday morning in the house occupied by Lafa Shipman and family, at the corner of Georgia and Concordia streets, and the circumstances of his being there have led to the preference of a grave charge against him. The police officers, who were called to the house by a neighbor, found Malladay lying on the floor, apparently unconscious, and a bottle of chloroform, which had been used to put him to sleep, was found near him. The police officers, who were called to the house by a neighbor, found Malladay lying on the floor, apparently unconscious, and a bottle of chloroform, which had been used to put him to sleep, was found near him.

GETTING INTO MOTION

PARK BOARD WILL SOON ANNOUNCE BENEFITS AND DAMAGES.

Opportunities To Be Heard and to Appeal—Mr. Flack's Suit and the City Attorney.

The Board of Park Commissioners will to-day probably promulgate the report of the assessors, showing the damages that have been awarded to persons whose lands will be taken for park purposes and the benefits that have been assessed against adjacent owners. The park law, Section 29, requires the assessors to give at least ten days' notice by publication to the persons whose lands will be taken for park purposes and the benefits that have been assessed against adjacent owners. The park law, Section 29, requires the assessors to give at least ten days' notice by publication to the persons whose lands will be taken for park purposes and the benefits that have been assessed against adjacent owners.

ONE WOMAN'S LIFE ROMANCE.

Sad Story of Edith Ayres, Declared Insane—Deported at the Altar.

Edith Ayres, aged thirty-three years, was declared insane yesterday. She lives at No. 61 Ludlow avenue with her brother. Miss Ayres is afflicted with a peculiar halitosis, and she has been in the hospital for some time. She has been in the hospital for some time. She has been in the hospital for some time.

MR. FLACK'S SUIT.

City Attorney Expects a Speedy Decision.

City Attorney Curtis expects a speedy determination of the suit brought by Joseph Flack to enjoin the annexation of Haughville. No steps have been taken by the city so far, but Mr. Curtis will have his pleadings ready to file by Friday, the return day, when he hopes to have the case decided without the introduction of evidence. The city charter gives the Circuit or Superior Court final jurisdiction in annexation cases, but this statute has never been held to be unconstitutional. An appeal might be taken on that account. As in the park case, the city is in a position to take an appeal, but it is not likely to do so. The city is in a position to take an appeal, but it is not likely to do so.

SONS OF ST. GEORGE.

Their Entertainment To-Night—Mayor Will Lead the Grand March.
